## PROFESSIONAL EXPERIENCE

Tower Digital, LLC	<b>Technology Consultant</b>	2/2005-9/2009
	Established a web presence by discussing with clients their goals and how to best utilize a website as a marketing tool to become a more profitable business. Informed clients of artistic color schemes to enhance a website. Set up secure networks and helped clients with server related issues such as Microsoft Exchange, DHCP and DNS. Continually monitored and investigated computer related issues by analyzing the problem and implementing quick and efficient solutions.	
PH2 Enterprises	<b>Web Designer</b>	9/2003-1/2005
	Built web sites by designing and creatively selecting fonts, sizes, color and content to meet our clients' needs. Implemented Photoshop, HTML formatting, photography and 3-D art into a web design. Created Flash Animation and interactive games for children's websites. Continually communicated with and updated existing clients' websites.	

## EDUCATION

The Art Institute of Dallas	<b>Associate in Animation Art &amp; Design</b>	12/2003
Tarrant County College	<b>Associate in Arts</b>	5/2001
